

**Lawrence Park Façade Improvement Grant Program**  
**Deadline to Apply: July 30, 2020 (Revised deadline due to COVID-19)**

**APPLICATION GUIDELINES**

The Lawrence Park Façade Program seeks to assist commercial property owners and/or business owners (with property owner permission) to restore facades of buildings in order to enhance the appearance of the central business district. The purpose of the Façade Improvement Grant Program is:

- to preserve the architectural heritage of Main Street,
- to foster an attractive and safe environment,
- to stimulate private investment in the form of new development, redevelopment, and renovation that is consistent with the historic integrity of Main Street,
- to foster civic pride and a sense of place, and
- to create a compelling image to increase commerce and profits, attract new businesses, retain existing businesses, attract all age groups, and encourage long-term commitments to the community.

***Applicants will be required to meet with representatives of Preservation Erie (either in person or by phone) prior to submitting an application and review project and budget details.***

These façade grants will be made on a 50/50 matching basis. Preservation Erie will provide up to 50% of the project cost as a grant with the remaining 50% of the cost being the property/business owner's responsibility. The maximum grant awarded will be \$5,000.

Grants will be made on a reimbursement basis, following a process which includes application submittal, committee review and approval, and construction. Applicants will receive grant funds after completion of the approved façade improvement project, submission of project photographs, copies of invoices, receipts, and proof of payment(s), and a site visit by Preservation Erie representatives.

All projects must be completed within six months of grant award notification. Grant monies may not be used for permit fees, roofs, sidewalks, benches, trees, flowers, shrubs, or temporary signs. However, if a roof is part of the façade (such as a mansard roof), the portion of the roof that is visible from the street may be eligible and included in the grant award.

Applications are due July 30, 2020. Priority will be given to projects that meet all of the criteria and will have the greatest overall impact on Main Street.

**Program Boundaries:**

All buildings within the designated downtown boundary, which is Main Street from Priestley Avenue to Iroquois Avenue and Iroquois Avenue from Smithson Avenue to Nagle Road, are eligible for these grant funds, provided that all improvements are in compliance with the codes and ordinances of Lawrence Park Township.

**Eligibility:**

Any person(s) owning property in the established boundaries is eligible to apply. Qualifying commercial properties include single-purpose retail and office buildings and mixed-use buildings containing combinations of retail, office, and residential apartments. Merchants located in the defined area are eligible to apply with the property owner's consent.

Single-purpose apartment buildings are generally not eligible for design grants. However, individual proposals will be considered on a case-by-case basis.

For larger buildings where more than one storefront exists within the same façade, each storefront may be eligible for Façade Improvement Grant funds.

The facade is the part of the building facing the street or streets. It includes the entirety of the face of the building including upper floors which often retain their original appearance.

Funds are available to improve the following façade components.

**1. Architectural Elements/Windows/Doors** - Funds are available for painting, rehabilitation, re-glazing and reconditioning of existing windows (including display, ornamental, upper-story windows), doors and exterior shutters when they are original to the building. Grant funds will not be available for replacement of original windows, doors and exterior shutters or those elements when they are in character with the building, except when the windows are severely deteriorated and cannot be rehabilitated. Grant funds will be available for replacement of existing windows, doors and exterior shutters if they are not original and are out of character with the building.

**2. Exterior Painting and Restoration** - Funds are available for repair, cleaning, refinishing, painting, and restoration of exterior woodwork and trim, architectural sheet metal and/or decorative brick elements. This category includes exterior masonry repairs, restoration, painting (in the case of brick, only if originally painted), or low-pressure water or steam cleaning. Roof and commercial cornices, parapets and other decorative elements may be repaired and reconditioned. Replacement of cornice and trim elements will be permitted when they are severely deteriorated and cannot be repaired. Missing decorative elements can be replaced utilizing extant examples found elsewhere on the building, period photographs, or, in the absence of both, examples of similar buildings in downtown Lawrence Park. Roof repair or replacement is not fundable.

**3. Signs and Awnings** - Funds are available for repair, or removal and replacement, of existing signage and awnings, as well as installation of new signage and awnings, provided none of the original sign panel(s) or signage are still intact, in which case original panels may be rehabilitated. New panels shall be installed within the original space reserved for that purpose or, in the absence of a sign panel or frieze, be mounted in a sensitive manner approved by the façade committee. Lighting fixtures that directly illuminate a sign or provide area lighting under awnings are also eligible for assistance. Funds may also be used to purchase new awnings for entrances. No funds are available for sidewalks or site amenities.

**4. Design Assistance** - Funds are available for architectural, historical façade research and preservation and graphic design services.

All improvements must comply with standards set forth in the Lawrence Park Township zoning ordinance and building codes, as well as applicable sections of the Pennsylvania building codes and the federal Americans with Disabilities Act Accessibility Guidelines.

Improvements should comply with the Secretary of the Interiors Standards for Rehabilitation located at <https://www.nps.gov/tps/standards/rehabilitation.htm>. If questions arise, please refer them to Preservation Erie at [info@preservationerie.org](mailto:info@preservationerie.org).

Grant funding may not be used to pay for work that is currently in progress or has been completed.

Only one application per project may receive funding.

Preservation Erie reserves the right to consider increasing matching funding for “significant structures,” such as corner buildings or anchor buildings.

Funding for phased projects will be considered on a case-by-case basis when compelling circumstances are presented by an applicant.

Applicants must be up-to-date and/or in compliance with all local, state and federal taxes.

**Technical Assistance:**

If grant funds are awarded to a facade improvement project, up to \$500 of the grant may be used for architectural services to assist with development of an appropriate façade design and help acquire necessary permits. Preservation Erie can provide those architectural services through a consultant and would pay the architect for those services, deducting it from the grant award. If the property/business owner chooses to use private funding to pay for architectural services, the cost of these services may exceed \$500.

**Prevailing Wage Act:**

Because it is funded in part by the Erie County Gaming Revenue Authority, the Façade Improvement Grant Program is subject to the Prevailing Wage Act which specifies that if the entire project costs over \$25,000, prevailing wages must be paid to construction workers.

“The Pennsylvania Prevailing Wage Act (43 P.S. § 165-1 et seq.; 34 PA Code § 9.101 et seq.) may be applicable to this Project. If applicable, the Grant Recipient is responsible for including prevailing wage rates in all bid documents, specifications, and construction contracts pertaining to the Project. The Department of Labor and Industry (L&I) has final authority to make all prevailing wage applicability determinations.”

“Please note: Prevailing Wage requirements are generally applicable to grants for construction, demolition, reconstruction, alteration, repair work, renovations, build-out and installation of machinery and equipment in excess of \$25,000. Any questions as to final prevailing wage obligations should be directed to the Bureau of

---

## SELECTION PROCESS

Grants will be awarded based upon the level of improvements, the accuracy of historic preservation and the vitality and significant impact the project will make to the Main Street environment. Only complete applications will be accepted for processing.

The grant application will be reviewed by a committee made up of representatives from Lawrence Park Township, Preservation Erie, and the Lawrence Park Historical Society. The committee will evaluate the completeness of information and supporting documents and compliance with the requirements of the Façade Improvement Grant Program. This review process will be completed within one month of the application deadline.

Only work approved by the Preservation Erie will be eligible for reimbursement through the Facade Improvement Grant Program. Project work may not begin until the property/business owner receives written approval from Preservation Erie.

Once an application is approved, work must be completed within the designated six month timeframe. If work is not completed in the agreed timeframe, all grant money will be forfeited. If unforeseen circumstances occur which delay the project, exceptions may be considered.

Approved projects are required to meet all applicable codes and ordinances of the Township. Grantees are also required to secure any necessary permit(s) from the Township or other appropriate parties before work can commence.

Once a project has been completed, the grantee must send a letter of project completion, no fewer than three "after" photographs, copies of all receipts and permits, and proof of payment for materials and labor to Preservation Erie.

It is the responsibility of the grantee to fulfill financial obligations to all contractors and sub-contractors for material and labor expenses.

Once the work is completed and reviewed by Preservation Erie, Preservation Erie will reimburse the property owner in accordance with the terms of the grant within one month. Work not completed in accordance with the approved project description may be denied payment.

In order to receive reimbursement, the following will need to be satisfactorily addressed.

1. The project must be completed in conformance with the design plan and/or project as submitted, reviewed and approved by Preservation Erie.
2. If the scope of work, construction materials, or project timeline need to be changed, the grantee must obtain pre-approval from Preservation Erie.
3. The grantee must complete final inspections, if required by the Township.

---

## APPLICATION CHECKLIST

*Applicants must supply one (1) copy of the following items with the completed Facade Improvement Grant Program Application.*

- A complete, detailed written description of the proposed project
- Awning samples, paint color samples and/or finishing material samples, if appropriate
- Current color photographs of the property to be addressed
- Historic photos of the façade, if available
- Complete project cost estimates from contractors and/or material suppliers
- A detailed work schedule, which includes an estimated project completion date
- Proof of financial responsibility (current on all municipal, school district and county taxes)
- Matching fund verification (i.e. a letter from applicant's banking institute stating that the applicant has sufficient funds to cover the cost of the project)
- Signed Hold Harmless Agreement (if applicable)

**RELEASE AND HOLD HARMLESS AGREEMENT  
FOR PRESERVATION ERIE  
FAÇADE IMPROVEMENT GRANT PROGRAM**

This Release, executed on the \_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, by \_\_\_\_\_  
(Property Owner) and \_\_\_\_\_ (Tenant, if applicable) of  
\_\_\_\_\_ (Street Address), Lawrence Park Township,  
Erie County, State of Pennsylvania, referred to as Releasor(s).

In consideration of being granted monies for restoration, modifications, signage, or other physical changes to the property located at the above address, the Releasor(s), understands that they are solely responsible for providing their own contractors, and to assure that those contractors are fully insured and licensed and have obtained all necessary permits in accordance with Township and State regulations.

Releasor(s) waives, releases, discharges, and covenants not to sue Preservation Erie for loss or damage, and claims or damages therefore, on account of any work that has been performed in accordance with Township or State guidelines.

Releasor(s) agrees that this release, waiver, and indemnity agreement is intended to be as broad and inclusive as permitted by the laws of the State of Pennsylvania and that if any portion of the agreement is held invalid, it is agreed that the balance shall, notwithstanding, continue in full legal force and effect.

Releasor(s) further states that it has carefully read the above release and knows the contents of the release and signs this release as its own free act.

Releasor's obligations and duties hereunder shall in no manner be limited to or restricted by the maintaining of any insurance coverage related to the above referenced event.

This release contains the entire agreement between parties to this agreement and the terms of this release are contractual and not a mere recital.

Dated this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_\_.
